

*Rosalie Primary School's victorious teams.*

## Rosalie PS sweeps tennis champs

Tennis is going strong at Rosalie Primary School with the school's boys' and girls' teams being crowned the metro interschool champions for primary school students.

The girls' team beat Rosalie's 2nd team in the final.

Winning both the boys' and the girls' events in the same year was a first for the school.

Rosalie Primary School is next to Onslow Park Tennis Club, with many of the students participating in lessons

or playing pennants for the club.

In the lead-up to the event the kids came to the club at lunchtime to get in some extra practice, and leading into the event many of the players come after school with friends for more practice.

The school, the club and Tennis Factory – the coaches at the club – have a fantastic relationship, which has far-reaching benefits for the players, the school and the community.

This makes these achievements extra special.
